## A CARD.

About six weeks since I came to Las Vegas to make my permanent home, with the onerous purpose of practicing dentistry. In the event of a warranted practice, I expect to bring my family and become permanently settled among you. The sequel, having the misfortune in the outset to associate with me one W. H. Todd, who professed to be a Dentist (but who is not in any sense of the word) in a very short time I discovered his real character and set about to get clear of the burden, which I now have done and would respectfully ask those in need of dental operations to try my skill. All operations shall be first class and I court comment and inspection. Those who favor me with their patronage may expect good operations in every branch of the profession.

IRA C. KELLEY,  
Dentist.

## Coroners Inquest.

A coroner's inquest was held yesterday, by Justice Morrison, on the body of John Conolly. The following named jurors were summoned and sworn: Frank Mezer, Theodore Wagner, Chas. Hild, Dan. Miller, Felix Papa, and E. Moore.

The body was examined by the jury and found to have received two pistol shot wounds, one just below the nipple of the right breast and the other just below the heart near the center of the breast.

Mr. Fitch was called and testified as follows. Was driving back between this and new town, about 4 rods this side of creek, heard, two pistol shots, saw the man who was killed lying on the ground, passed over the river and saw four men standing on the other side. Did not recognise the man who done the shooting.

Mr. Whitfield testified, Heard shooting, heard two shots went across the creek and saw four men there, saw no one leave the place where the shooting took place. Could see the flash of the revolver. The one who done the shooting and the man, who was shot were about 14 or 18 feet apart. Could not recognise the one who fired.

Mr. Holton, testified, Saw Mr. Fitch and got into his back to go over to the new town, when near the river heard two pistol shots, rode on across the river and saw four men over there, recognized two of the men. Could give no clue as to the man who done the shooting.

Mr. Burger, testified, I saw the deceased between 8 and 9 o'clock, at a saloon; deceased borrowed 40 cents of the bar keeper to buy a drink with and said that he would pay it back in a half hour or such a matter.

Mr. Preston, testified, Saw deceased in a saloon; deceased left saloon at 9 o'clock; recognized two men, Conner and Donahue as two of the men who left the saloon at, or about the time deceased left.

Mr. Penell, testified, that himself and Messrs. Selman, Poinexter and Brown, had been over to the new town and were just returning home, when about one hundred yards from river heard the report of fire arms. Shortly afterwards met two men witness asked the men if they heard the report of fire arms, the men answered yes and said that the man who done the shooting ran down the river.

Mr. Brown testified, was on my way from the new town to the old town, when some distance from the creek heard, some shots fired, soon after, met two men coming from the direction of the shots, witness asked the men if they heard any firing, they answered that they did and that the man who done the firing ran down the river.

Policeman Benton, testified, that between 8 and 9 o'clock, he was called to go where a man had been shot; found the man lying on the sand bar in the river, man was still breathing and pulse beating, took him up, but he soon died.

David Martin, testified, I met Mr. Conner in old town and arrested him. Conner first told witness that he did not hear the shooting, then a while afterwards, he said that he saw the shooting and then at another time he said that if witness would find Donahue he (Conner) would tell witness who done the shooting, thus contradicting himself several times while in the custody of witness.

Doctor Pettijohn, testified; that one of the balls entered between the 10 and 11 ribs and was taken out at the back and that the other entered the breast and entered the stomach.

## VERDICT OF THE CORONER'S JURY.

We the undersigned, Justice of the Peace and jury, who sat upon the inquest held here this day, the 29th day of Sept. 1879, on the body of John Conolly found in the precinct No. 25, of the County of San Miguel find that the deceased came to his death by reason of two pistol shot wounds, inflicted on the night of the 28th of September 1879, between the hours of 9 and 10 o'clock p. m. and from the evidence taken recommend, that one C. J. Donahue and John Conner (a tailor by trade) now in jail in the county of San Miguel, shall be held to answer for the shooting and killing or said deceased in this case.
